Catalogue Course Description: Selection and organization of materials and techniques of instruction for elementary school programs. Emphasis on planning, implementing, and evaluating a developmentally appropriate physical education program for children K-8. Pre-requisites: Phed 212, Phed 214, Phed 215, and admission to TEP.

12 hours of level III field experiences are required. Field experiences include school based observations with written reflections. A critical performance assessment is also conducted in this course. Candidates are required to design and implement a unit of instruction (TPA) at the elementary school level which will include assessment and documentation of student learning.

Required Texts: Graham. (2008) Teaching Children Physical Education.

Supplemental Texts: NASPE (2004) Moving into the Future National Standards for Physical Education
NASPE (2009). Appropriate Instructional Practice Guidelines for Elementary School Physical Education.

All students in this course are required to purchase a TK20 account. TK20 plays an essential role as a repository documenting your progress through the teacher education program and is as necessary as any other course requirement. You are expected to have purchased and activated your account by the beginning of the third week of class. Your account may either be purchased at https://payment.tk20.com/ctpayment/options_menu.do or through the University bookstore. (If you are an education major, you only have to purchase this once; if you are taking this course to explore your interest in teaching you can purchase a one semester subscription at a reduced rate. For information on this option contact the College of Education Assessment Office at tk20help@moreheadstate.edu .)

“Community Engagement: A Light to and from the Mountains”

The Professional Education Unit at Morehead State University delivers rigorous, high quality programs that prepare professionals informed by best national and international scholarship, plus research, literature, and experiences specific to Appalachia- preparing professionals to improve the schools, quality of life, and the communities in which they live and serve. This statement is not only the strategic mission for the College, but it also incorporates the conceptual framework that guides all our activities.

Conceptual Framework Outcomes (CFO’s):

The Unit and the faculty within individual programs assess the degree to which its graduates:

1) Master the content knowledge, professional and the twenty – first century skills need to make an optimal contribution to “whole” student learning in education settings.

- 2) Are competent in the collection and use of data to inform decision – making and to demonstrate accountability for student learning.
- 3) Demonstrate professional dispositions
- 4) Are culturally competent and understand the regions from which they have come utilizing knowledge and experiences to effectively “bridge the gaps” (economic, achievement, and geographic) ensuring optimal learning for all students.
- 5) Engage in authentic field experiences in collaboration with committed school – based partners and are empowered to improve the quality of education throughout this region and beyond.

Student Learner Objectives of the Course (SLO):

Each participant will be expected, by the conclusion of the course, to be able to:

1. Value student learning for every student as a primary goal of teaching.
An assessment of candidate dispositions is included in this course.
2. Demonstrate understanding of methodologies and theories through examination and written work.
3. Plan and teach lessons using effective teaching concepts.
4. Reflect/evaluate lessons based on: Student performance and Teacher performance
5. Demonstrate competency in the use of computer technologies for lesson presentations and record keeping.

Assignment Descriptions:

Assessment	Description
Attendance	Attendance is an important professional disposition. Attendance is required. ***Please read "Attendance Policy" below.
Chapter outlines	Each assigned chapter will require a type written summary brought to class on the day the chapter is presented. Hand written notes may be added to the summaries during class. Summaries and notes will be allowed during the mid-term exam but not allowed during the final exam.
Chapter quizzes	There will be a quiz over each assigned chapter.
Chapter presentation	Each student will do a minimum of one chapter presentation (utilizing technology). Each student is required to write a quiz for each chapter he/she presents and meet with the instructor in his office for approval of the PowerPoint and quiz at least one day prior to chapter presentation.
Computer Software Applications	Grade-keeping/data collection software applications will be assigned as well as word processing/formatting of written assignments and a minimum of one PowerPoint presentation. In addition, the mini TPA requires graphic representation of data.
Journal Article Reviews	Journal articles which explore issues related to elementary methods in physical education will be assigned with specific reflection questions.
Mini- TPA	This course contains a program critical performance evaluation for elements of the mini-TPA. The mini-TPA contains a unit plan and is an essential component of the public school teaching experience. This allows candidates to achieve the competencies of planning, implementing, and evaluating a developmentally appropriate education program for elementary physical education.. Each of the TPA components follows the previously established rubrics within tk20.
Peer teaching and Public	Peer teaching is assessed with pre-established grading criterion

school teaching	(on Blackboard). Public school teaching follows the same guidelines and includes TPA guidelines as well.
Disposition evaluation	This course includes candidate disposition evaluations from faculty and cooperating teachers where field teaching occurs. Format is pre-established by the Professional Education Unit.
Mid-Term Exam. Objective	Mid-term exam questions will be created by students following pre-established guidelines for creating objective questions. The instructor will select and edit questions for the actual exam.
Final Exam Essay	The final exam will be cumulative and will include several essay questions covering major concepts of the course. These major concepts will be distributed and discussed as a study guide prior to the exam.

<u>Evaluation:</u>	Mini-TPA	20%	A=100-90%
	Teaching/Reflections	15%	B=89-80%
	Chapter Presentations	10%	C=79-70%
	Quizzes/Exams	30%	D=69-60%
	<u>Homework</u>	<u>25%</u>	
	Total	100%	

Notes:

Homework includes but is not limited to: Chapter summaries, Internet searches, computer software applications, journal article reviews.

Dress/Attendance policy:

Proper attire is expected. Students will at times be required to participate in physical activity. Students not dressed appropriately for physical activity may be counted as absent.

During field experiences students are expected to dress in a manner that projects a positive image. Students who are acting in the role of peer teacher are expected to dress professionally and will be graded on appearance as well as performance. Details will be discussed in class.

Each student is allowed two absences without penalty. Each additional absence after two excused or not, will result in a reduction of 3 percentage points from the final grade.

At the discretion of the instructor make up work may be allowed in certain circumstances in order to prevent a lowered grade due to absence. Some missed activities may not be made up.

Any assignments turned in late will automatically receive a 20% reduction in grade.

Absolutely no written work will be accepted after the last scheduled class day (4/29). No exceptions!

Dr. Newsome expects students to have personal integrity. Students who plagiarize papers or falsify records (such as field experience logs) may face immediate failure of the course and other disciplinary action.

Americans with Disabilities Act (ADA) In compliance with the ADA, all students with a documented disability are entitled to reasonable accommodations and services to support their academic success and safety. Though a request for services may be made at any time, services are best applied when they are requested at or before the start of the semester. To receive accommodations and services the student should immediately contact the Disability Services Coordinator in the Office of Academic and Career Services, 223 Allie Young Hall, 606-783-5188, www.moreheadstate.edu/acs/

Academic Honesty

Cheating, fabrication, plagiarism or helping others to commit these acts will not be tolerated. Academic dishonesty will result in severe disciplinary action including, but not limited to, failure of the student assessment item or course, and/ or dismissal from MSU. If you are not sure what constitutes academic dishonesty, read the Eagle: Student Handbook or ask your instructor. An example of plagiarism is copying information from the internet when appropriate credit is not given. The policy is located at <http://morehead-st.edu/units/studentlife/handbook/academicdishonesty.html>

Campus Safety Statement:

Emergency response information will be discussed in class. Students should familiarize themselves with the nearest exit routes in the event evacuation becomes necessary. You should notify your instructor at the beginning of the semester if you have special needs or will require assistance during an emergency evacuation. Students should familiarize themselves with emergency response protocols at <http://www.moreheadstate.edu/emergency>

In an attempt to promote the use of technology, this syllabus plus a number of other course materials will be available on Blackboard. If a student has a preferred e-mail account other than his/her campus e-mail account it is highly recommended that he/she register the preferred account. It is also highly recommended that students regularly check Blackboard and their e-mail accounts.
