

## Concurrent Enrollment Form

A CONCURRENT ENROLLMENT FORM is an agreement between Morehead State University and another school in order to provide financial aid to a student based on the total number of hours for which the student is enrolled at all schools.

The school at which the student expects to receive their degree is considered the "home" school, and the other school(s) is considered the "visiting" school(s).

The home school is responsible for determining eligibility and disbursing the financial aid to the student. Financial aid is awarded based on the cost of both schools.

The visiting school is responsible for certifying the number of hours for which the student is enrolled. The **Registrar** must complete the CONCURRENT ENROLLMENT FORM and must notify the home school of any change in enrollment status.

A CONCURRENT ENROLLMENT FORM must be completed for each period of enrollment (semester or summer term). A student cannot receive aid from more than one school during each period of enrollment.

The student should take the following steps:

1. You must inform MSU of your intent to attend more than one school, and obtain a "Concurrent Enrollment Form."
2. You must complete the student section of the agreement, have your MSU advisor complete the advisor section of the agreement, and then take the agreement to the visiting school for verification of enrollment.
3. You must meet all other eligibility requirements as regular students.
4. You must have on file in our office the results of your Free Application for Federal Student Aid (FAFSA), MSU Personal Data Sheet, and any other required form to constitute a complete file.
5. You must complete verification, if required, prior to the disbursement of funds.
6. **To be considered for Title IV aid purposes, this form must be completed and received by the MSU Office of Financial Aid prior to the last day to add a full-term/semester class according to the official academic calendar.**

Students are responsible for paying their fees at the "visiting institution" in accordance with any agreement for payment of fees. Students may receive funds directly from the "home institution" that are intended for payment of fees at the "visiting institution".
