

## Privacy Policy

This policy only applies to access to MSU JOB-Link (NACElink) via our systems and does not apply to any other uses of the Morehead State networks or systems. Morehead State University is a participant of the NACElink Network.

1. Students' profile data and resumes will reside on NACElink Network servers. NACElink Network servers are hosted by Symplicity Corporation. Students/alumni data may be used in reports developed for internal institutional studies, etc.
2. Your primary resume is viewable in the resume database search by employers who specifically recruit at Morehead State University. If you do not want employers to view your resume from this search, change the selection to "no" next to the question "Include in Resume Books" (listed above).
3. Jobs posted on the NACElink system may or may not be reviewed before posting. Site users are urged to validate job postings and use caution and common sense when applying. Morehead State Career Services will review all jobs posted to MSU JOB-link. Do not disclose social security numbers, credit card information, or bank account numbers to unknown employers.
