

Bachelor of Business Administration

Program Description: The College of Business degree programs are fully accredited by AACSB International – The Association to Advance Collegiate Schools of Business. Accreditation by AACSB International serves to assure our stakeholders that the college has managed its resources in a manner consistent with the fulfillment of its mission by developing high quality faculty, students, resources, programs and curricula. The College of Business offers an area of concentration leading to a Bachelor of Business Administration degree with options in Accounting, Business and Information Technology Education, Business Information Systems, Computer Information Systems, Economics, Finance, Management, Marketing, and Real Estate.
