

## Curriculum Map Computer Science, Bachelor of Science Computer Engineering

You may be required to complete college readiness courses (ENG 100E, MATH 152E, FYS 101E). This is an **unofficial** document; the student's program evaluation is the official document for viewing the requirements needed to complete the chosen bachelor's degree. Please consult with your advisor before registering for classes. This curriculum map assumes that you have not transferred in any previously completed college level courses. All students must have 36 hours of general education courses. The approved course list is located in the MSU Catalog, <http://www.moreheadstate.edu/catalog>. If an "f" or "s" is listed beside the course, this indicates the class is normally offered only in the fall semester (f) or spring semester (s).

FIRST YEAR COURSE SCHEDULE

## CS Elective Courses

CS 172	Computer Games Concepts
CS 312	Game Prototype Design and Implementation
CS 412	Software Engineering for Computer Games
CS 420	Data Mining Concepts
CS 430	Machine Learning
CS 450	Computer Graphics
CS 460	Scientific and Parallel Computing
CS 470	Artificial Intelligence
CS 472	Multiplayer Networking Game Programming
CS 476	Special Problems
CS 485	Networking Security
CS 482	Digital Forensics
CIS 314	Advanced Programming-Java
CIS 322	Systems Security and Information Assurance
CIS 326	Introduction to Databases
CIS 405	Web Development Strategies and E-commerce
CIS 441	Network Administration
EEC 345	Microprocessor Electronics
EEC 480	Digital Communication and Networking
MATH 320	Codes and Cryptography
