Engineering Technology, Bachelor of Science
Construction Management & Civil Engineering

Accredited by ATMAE (The Association of Technology, Management, and Applied Engineering)

You may be required to complete college readiness courses (ENG 100E, MATH 152E, FYS 101E). This is an **unofficial** document; the student's program evaluation is the official document for viewing the requirements needed to complete the chosen bachelor's degree. Please consult with your advisor before registering for classes. This curriculum map assumes that you have not transferred in any previously completed college level courses. All students must have 36 hours of general education courses. The approved course list is located in the MSU Catalog, <http://www.moreheadstate.edu/catalog>. If an "f" or "s" is listed beside the course, this indicates the class is normally offered only in the fall semester (f) or spring semester (s).
