1. Minutes of September 6, 2018 (IV-A-1)
2. 2018 Fall Graduates (IV-A-2)
3. Personnel Actions (IV-A-3)

MOTION: Mr. Preece moved that the Consent Agenda be approved. Mr. Holbrook seconded the motion.

VOTE: The motion carried unanimously.

The President recommended:

RECOMMENDATION: That the Board of Regents approve PAc-2 Promotion to Professor.

At MSU, policy defines the criteria, procedures and conditions for granting promotion from Associate Professor to Professor. The policy is outlined in PAc-2. The primary
modification from the previous revision is the elimination of the college promotion committee as recommended by Faculty Senate.

*The recommended policy is attached to these minutes and marked IV-B-1*

MOTION: Mr. Martin moved that the Board approve the President’s recommendation. Mr. Price seconded the motion.

VOTE: The motion carried unanimously.

The President recommended:

RECOMMENDATION: That the Board approve the Bachelor of Science in Space Systems Engineering proposal by the MSU Department of Earth and Space Science.

*Additional background information attached to these minutes and marked VI-B-2*

MOTION: Mr. Holbrook moved that the Board approve the President’s recommendation. Mr. Dennis seconded the motion.

VOTE: The motion carried unanimously.

The President recommended:

RECOMMENDATION: That the Board approve the financial statements and amend the operating budget for the first quarter of the fiscal year that will end June 30, 2019.

President Morgan said the University’s financials are trending in a positive direction with an improved cash position.

*Financial Report and additional background information attached to these minutes and marked IV-B-3*

MOTION: Mr. Preece moved that the Board approve the President’s recommendation. Mr. Bryer seconded the motion.

VOTE: The motion carried unanimously.

The President recommended:

RECOMMENDATION: That the Board approve the revised personnel policy PG-55 related to acceptable use of University technology resources.

*The recommended policy is attached to these minutes and marked IV-B-4*
MOTION: Ms. Long moved that the Board approve the President’s recommendation. Mr. Martin seconded the motion.

VOTE: The motion carried unanimously.

The President recommended:

RECOMMENDATION: That the Board approve a request to delegate authority for selection of Architect and Engineer services to the University President.

The University undertakes construction projects necessary to maintain, improve, and expand appropriate equipment and facilities to support the institution’s mission. On June 10, 2016, the Board approved a request to locally manage future capital construction projects. Architect and engineer services are necessary as part of the capital construction process.

KRS 164A.590 authorizes the governing board of the institution to evaluate, select, and negotiate a contract with qualified firms for architectural and engineering services. KRS 164A.560 allows the governing board to delegate this responsibility, by University regulation, to appropriate officials of the institution.

The University President has in place the appropriate systems, processes, and personnel necessary to evaluate, select, and negotiate contracts for architect and engineer services. Management of this process through the University President will streamline decision making and approvals and will provide for faster and more efficient delivery of services to the projects.

President Morgan noted that the University does not have any large projects coming up. Given that most contracts are small, the task of selecting firms for these services would be very time consuming for the Board.

MOTION: Mr. Holbrook moved that the Board approve the President’s recommendation. Mr. Martin seconded the motion.

VOTE: The motion carried unanimously.

The final headcount enrollment for fall 2018 was 10,200, a 3.6% decline from fall 2017. First-time degree seeking undergraduates in fall 2018 numbered 1,473. Eagle Scholars (early college) was down slightly at 2,868. Retention of fall 2017 first-time undergraduates to fall 2018 was 73.7%, while the retention of first-time underrepresented minority freshmen is 78%. Both retention rates constitute improvement over previous years. The ACT and GPA of new bachelor degree seeking students are 23.1 and 3.51 respectively.
President Morgan noted that he expects a statewide decline in dual credit/early college enrollment starting in fall 2019 due to rule changes that will make it difficult for smaller secondary schools to offer dual credit courses. He also expects fewer K-12 teachers seeking graduate degrees statewide due to the Kentucky Education Professional Standards Board removing the requirement for teachers to move to Rank II, which requires a master’s degree.

Further declines in graduate enrollment is expected as a result of the General Assembly removing the requirement for postsecondary institutions to offer tuition waivers for employees of other universities in the state. An agreement has been formed among the state’s postsecondary institutions to continue to offer tuition waivers through the current academic year. There are no changes to the tuition waiver program that MSU offers to its own employees.

*Final Enrollment Report for Fall 2018 attached to these minutes and marked IV-C-1*

**Performance Metrics**

Ms. Jill Ratliff, chief planning officer/assistant vice president for planning, performance and effectiveness, presented the University’s performance metrics results. Utilizing a dashboard tool called Tableau, the most recent results for the metrics were discussed.

**Personal Service Contracts**

There was only one personal service contract with an amount greater than $10,000 issued between August 23 and November 15, 2018. It was to Robinson Kirlew & Associates for immigration legal representation on an as-needed basis up to $15,000.

**Health Insurance and Benefits for 2019**

Early in 2018 an ad hoc task force of faculty and staff was formed to review employee health benefits, with the goal of containing costs and reducing expenses by $1.5M in the 2019 plan year. The University will continue to use Anthem and be self-funded. The health and insurance plans will remain the same as in 2018. Higher health insurance premiums have been implemented, bringing the portion that MSU pays of the overall cost to 78% while the employee pays 22% (a change from 2018 which featured an 81/19 cost share split). MSU implemented a tobacco surcharge in 2017, and will increase the amount of the surcharge to $200 per month in 2019. The University will also increase the charge for spouses who could obtain health insurance coverage from their own employer or through a retirement plan to $150 per month. Dental benefits continue to be voluntary/employee funded. *(Report attached to these minutes and marked IV-C-4)*

**PRESIDENT’S REPORT**

President Morgan updated the Board on the upcoming fiscal year budget, demolition of Butler Hall which is planned for over the holiday break, other facility moves, and the issues of interest for the University in the upcoming legislative session.

**Dissolution of Friends of Kentucky Folk Art Center**

President Morgan stated that the Friends of the Kentucky Folk Art Center, Inc. met on December 4, 2018 and voted to recommend to the MSU Board of Regents that the Friends group be unincorporated and reconstituted as an advisory council, effective at the end of the year.
MOTION: Mr. Martin moved that the Board of Regents support the Friends of Kentucky Folk Art, Inc., an affiliate corporation of Morehead State University, and their formal request to dissolve their affiliate corporation. The motion includes that the Board formally dissolve the said affiliated corporation, and ask the President and General Counsel to work with the Kentucky Secretary of State’s office for its dissolution effective with the end of the tax year 2018. It is understood that the assets of the Kentucky Folk Art Center will remain under the ownership of Morehead State University and/or the MSU Foundation, as will the building and its contents. Mr. Dennis seconded the motion.

VOTE: The motion carried unanimously.

Note: Positions are expressed in terms of full-time equivalency.
DEFINITIONS OF THE DIFFERENT KINDS OF APPOINTMENTS

Full-Time Standing: A Full-Time Standing Appointment designates an appointment that is full-time and for which no ending date is specified. Such appointments are terminable in accordance with the appropriate University policy. Full-time Standing Appointments must be backed with budgeted funds. Full-Time Standing Appointments may be used for all four payroll classification categories namely 1) Academic; 2) Administrative; 3) Staff Exempt; and 4) Staff Nonexempt (see PG-2). Full-Time Standing Appointments may be specified for nine, ten, eleven, or twelve months per fiscal year. This type of appointment is provided all regular University benefits.

Full-Time Fixed: A Full-Time Fixed Appointment designates an appointment that is full-time for a fixed period of time and for which an ending date is specified. Such appointments may be specified for nine, ten, eleven, or twelve months. The appointments do not have to be backed by permanent funds. Full-Time Fixed Appointments may be used for all four payroll classification categories namely 1) Academic; 2) Administrative; 3) Staff Exempt; and 4) Staff Nonexempt (see PG-2). This includes instructors and any other individuals in a classification covered by the tenure regulations. Such appointments are discontinued automatically at the specified ending date. Appointments may be terminated before the ending date for cause or business necessity. Full-Time Fixed Appointments may be renewed. Persons appointed to Full-Time Fixed Appointments are not converted to Full-Time Standing Appointments without an appropriate search or search waiver. This type of appointment is provided all regular University benefits.

Supplemental: A Supplemental Appointment designates an appointment which is supplementary to a Full-Time Standing or Full-Time Fixed Appointment and has the effect of providing an additional contractual provision beyond the term of the Full-Time Standing or Full-Time Fixed Appointments. For example, a Supplemental Appointment may be used if an individual whose regular appointment is for nine months but whose appointment is extended for one to three additional months. Supplemental Appointments will also be used to designate those appointments which are supplementary to Full-Time Standing or Full-Time Fixed Appointments to compensate for approved additional services normally outside the scope of regular duties. For example, A Supplemental Appointment can be used when an eligible employee is employed to teach a course for additional compensation. Regular University benefits, except sick leave and vacation accrual, continue with a Supplemental Appointment.

Recommendation:

That the Board of Regents approve the granting of tenure and promotion to those who are assistant professors to the associate professor rank for the following faculty members with the issuance of their contracts for the 2019-2020 year:

- Dr. Jeannie Justice, assistant professor of education (FGSE)
- Dr. Daryl Privott, assistant professor of adult and higher education (FGSE)
- Dr. Alison Hruby, assistant professor of English
- Dr. Flint Harrelson, assistant professor of animal science

Background:

Assistant professors who successfully gain tenure are automatically promoted to the rank of associate professor without further review by the University Promotion Committee. Faculty members are responsible for developing their own tenure portfolios for submission to their peers and administrative supervisors for analysis and review during the first semester of the last year of their probationary period. These portfolios are reviewed by departmental committees, as well as by the candidate’s department chair/associate dean and college dean. The University Tenure Committee receives and reviews the recommendations from these peer groups and administrators and forwards its recommendations to the Provost. The President, based upon recommendations from the Provost, submits his recommendations to the Board of Regents.
**Recommendation:**

That the Board of Regents approve the faculty phased retirements for the following faculty members listed below:

**One year of phased retirement**
Dr. Daniel Grace, associate professor of education
Dr. Rebecca Katz, professor of sociology

**Two years of phased retirement**
Dr. Melinda Willis, associate professor of education

**Background:**

With certain limitations, Kentucky Revised Statutes (KRS) allow retirees under the Kentucky Teacher’s Retirement System (KTRS) to be reemployed in a part-time capacity with the same organization from which they retired. This will also include faculty participants in the Optional Retirement Plan (ORP) provided they meet eligibility standards. The University will encourage faculty to retire by providing part-time employment for teaching up to 12 hours per academic year at their current per credit hour salary. Accordingly, pursuant to University Administrative Regulation 334.02, Procedures for Phased Retirement Program (PRP), Morehead State University may provide qualifying faculty a phased retirement option.
Recommendation:

That the Board of Regents approve the granting of sabbatical leaves for the following faculty:

Dr. Annie Adams, professor of English, fall 2019
Dr. Jennifer O'Keefe, professor of geology and science education, fall 2019
Dr. Itza Zalva-Garrett, associate professor of Spanish, spring 2020

Background:

Faculty members desiring sabbatical leaves submit their application to be evaluated by their departmental committee, department chair/associate dean, college dean, and the Excellence in Teaching Committee. These committee evaluations are forwarded to the Provost who recommends to the President for his recommendation to the Board of Regents.
**Recommendation:**

That the Board of Regents approve revisions to PAc-27, Tenure and Reappointment Review.

**Background:**

At Morehead State University, policy defines the criteria, procedures, and conditions for granting tenure and promotion from Assistant to Associate Professor and for annual reappointment of tenure-track faculty members. The policy is outlined in PAc-27, previously approved by the Board of Regents.

The Faculty Senate opted to review PAc-27 with an interest in providing clarity across a few areas including: 1) the required content in faculty tenure/reappointment portfolios and 2) the annual review process.

The draft document is a result of an iterative review process including the Faculty Senate and the members of the Deans' Council, which accepted the current draft submitted and approved by the Faculty Senate on November 15, 2018.
Policy: PAC-27
Subject: Tenure and Reappointment Review

Approval Date: 08/06/88
Revision Date: 06/13/97; 06/08/01, 06/15/05, 8/21/12, 6/8/17
Technical Change: 03/02/98

PURPOSE:
To define the criteria, procedures, and conditions applicable to the review of University probationary faculty for reappointment and the awarding of tenure.

1. TENURE DEFINED

Tenure is a system by which competent, productive faculty members who meet specified criteria are informed that they have successfully completed their probationary period and are recognized as continuing members of the faculty free to pursue their academic interests and responsibilities with the confident knowledge that termination of their appointment can be only for cause as outlined in the appropriate Personnel Policies.

2. ACADEMIC PRINCIPLES

Each department, school, or college will establish standards for evaluating its tenure-track faculty consistent with the guidelines established in PAC-35. These standards will appear in the tenure and reappointment sections within the applicable Faculty Evaluation Plan (FEP).

The tenure process will consist of review and judgment at each of the following levels: the Department Tenure Committee, the Department Chair/Associate Dean, the College Tenure Committee, the College Dean, the University Tenure Committee, and the Provost. At each level, the review process will be guided by the standards outlined in the candidate’s FEP.

The assistant professor who obtains tenure will be automatically promoted to the rank of Associate Professor without further review. Therefore, tenure decisions must reflect satisfactory performance for promotion to Associate Professor. Associate professors who obtain tenure and desire promotion to Professor have to petition separately for promotion to Professor.

Only full-time standing faculty members of Morehead State University holding the rank of Professor, Associate Professor, or Assistant Professor in an academic program area can be granted tenure.

3. PROBATIONARY PERIOD FOR TENURE-TRACK FACULTY

The probationary period for tenure-track faculty is six years. However, equivalent service may be applied toward the six-year probationary period. A faculty member must apply for equivalent service no later than the end of the first semester following appointment to Morehead State University. The number of years of equivalent service will be recommended to the Provost by
the Department Tenure Committee, the Department Chair/Associate Dean, and the College Dean.

A faculty member granted a reduced probationary period upon appointment may request that part or all of the years of equivalent service be rescinded if he/she needs more time to develop credentials for tenure. However, such a request must be communicated to the appropriate Department Chair/Associate Dean by August 1 of the academic year in which the tenure portfolio is due.

A tenure-track faculty member must be reviewed for the awarding of tenure no later than the sixth year of the probationary period. A candidate who is denied tenure will receive a fixed-term terminal contract for the year following tenure review.

4. COMPUTING YEARS OF CREDIT TOWARD TENURE

The University recognizes July 1 as the common tenure anniversary date. This tenure anniversary date does not necessarily coincide with the faculty member’s date of initial appointment. A year of credit toward tenure is earned in any academic year in which the tenure-eligible faculty member has full-time active employment status of no less than half of the July 1 through June 30 academic year.

Since the purpose of the probationary period is to provide opportunity for observing the faculty member, time spent on a leave of absence will not be counted as active service, except as specified in PG-9 or PAc-28.

5. NOTICE OF REAPPOINTMENT OR NON-REAPPOINTMENT

The President will notify, in writing, each faculty member who will not be reappointed after consultation with the faculty member’s Department Chair or Associate Dean, Dean, and Provost. All faculty members have the right to appeal the non-reappointment notice within 30 calendar days to the Faculty Rights and Responsibilities Committee as provided by PAc-18.

Notification of reappointment or non-reappointment for tenure-eligible faculty shall be:

a. Not later than March 1 for faculty in their first academic year of service

b. Not later than December 15 for faculty in their second academic year of service

c. Not later than March 1 for faculty with two or more academic years of service.

Faculty with two or more academic years of service who are not reappointed will receive a fixed-term terminal contract for the following academic year.

6. THE REAPPOINTMENT/TENURE PORTFOLIO

The reappointment/tenure portfolio will begin with the following items in order:
1. a letter of intent, addressed to the Department Chair or Associate Dean, stating the desire to be considered for reappointment/tenure and containing a summary of activities during the probationary period that justifies the case for reappointment or tenure,
2. the applicable department FEP(s) and any Flexible Workload Agreements (see PAc-29) that apply to the candidate,
3. the annual evaluations by the Department Tenure Committee and the Department Chair/Associate Dean, and evaluations or recommendations by the College Dean (as outlined in section 8.4), as well as any responses by the candidate to those evaluations,
4. if applicable, a statement documenting the number of years of equivalent service granted, and
5. a curriculum vitae of activities in the format of or from the university-approved faculty activity reporting system.

Materials that support the request for reappointment/tenure should follow the initial contents of the portfolio. They may include but are not limited to the following:

(a) items indicating the extent and quality of teaching, such as teaching evaluations, innovative teaching techniques, new courses or programs developed, and teaching awards or honors,

(b) items indicating the extent and quality of scholarship, such as publications, artistic/creative works, and grant activities, and

(c) items indicating the extent and quality of service to the institution, the profession, or the broader community, such as proposals to improve the university, service on institutional committees, editorships or reviews for professional journals, development of relations with outside professional or public groups, consulting, and awards or honors for service.

Faculty hired with years of service must provide documentation showing that they fulfill all requirements for tenure as detailed in their applicable FEP.

Candidates are strongly encouraged to maintain in their possession copies of the portfolio contents (as described above) in an electronic or paper format plus any supporting materials until the tenure process has been completed and a decision for tenure or non-tenure has been made by the Board of Regents, as portfolios will not be returned by the university in the event of non-reappointment.

**7. THE DEPARTMENT, COLLEGE, AND UNIVERSITY TENURE COMMITTEES**

1. The Department Tenure Committee will consist of all tenured full-time standing faculty members in the department. If a faculty member is also on the College or University Tenure Committee, he or she must recuse him or herself from the Department Tenure Committee when a candidate is being considered for tenure. In the event that there are fewer than five eligible members in the department, the department will invite enough tenured full-time standing faculty members from the same college to form a five-member committee.
2. The College Tenure Committee will consist of at least five tenured full-time standing faculty members from the college elected by each department. If there are not at least five departments, then the College Dean will select sufficient at-large committee members to make a committee of five, from a pool of one or more candidates elected by the tenured faculty in each department. The committee should, if possible, include both males and females as well as members of diverse racial and ethnic groups. The term of service will be three years with one-third of the committee members replaced each year. A member may not hold successive terms.

3. The University Tenure Committee will consist of two tenured full-time standing faculty members from each college and one at large tenured full-time standing faculty member selected by the Faculty Senate. Committee membership will include both males and females and should, if possible, include members of diverse racial and ethnic groups. Two representatives from the same academic department will not serve on the University Tenure Committee at the same time. The term of service will be three years with one-third of the committee members replaced each year. A member may not hold successive terms.

4. Department Chairs, Associate Deans, and College Deans cannot serve on tenure committees.

5. A faculty member on a leave of absence or sabbatical cannot serve on a tenure committee while on leave or sabbatical.

6. A candidate's relative (as defined in PG-22) or domestic partner who is serving on a tenure committee shall neither engage in discussions about the candidate nor vote on the candidate. The relative or domestic partner will be replaced by an alternate only when the committee evaluates the candidate and only if the number of eligible voting members on the committee is less than five.

7. A faculty member may serve on the Department Tenure Committee and either the College or University Tenure Committee during an academic year. They may not serve on both the College and the University Tenure Committees in the same year. A faculty member serving on the College or University Tenure Committee shall neither engage in discussions about a candidate nor vote on the candidate at the department level if the candidate is being reviewed for the awarding of tenure.

8. A faculty member cannot serve on more than one of the following committees during an academic year—University Tenure Committee, University Promotion Committee, and Faculty Rights and Responsibilities Committee.

9. The chairperson of each tenure committee will be elected annually by the committee membership.

10. All voting on candidates will be by secret ballot. Abstentions are not allowed. Any sealed ballots submitted by absent faculty members shall be included in the tally with all ballots opened and counted at the same time during the tenure committee meeting. Recommendation for tenure, or for reappointment in the case of annual review, consists of an affirmative vote by 50% or more of the committee membership. If the vote not unanimous, the letter must reflect the balance and substance of the entirety of the vote.
No separate minority report may be submitted. The letter must also address how the candidate’s performance does or does not meet the requirements of the department FEP.

11. Tenure committees' deliberations are confidential and will not be discussed outside of tenure committees' meetings.

8. ANNUAL REVIEW OF TENURE-TRACK FACULTY (PRIOR TO TENURE REVIEW)

(1) The Department Tenure Committee will meet annually to evaluate the tenure-track candidate's reappointment portfolio and supporting materials.

(2) The Department Tenure Committee will produce a written evaluation of the portfolio using the department FEP as the basis for evaluation. As part of the evaluation, the Department Tenure Committee will vote by secret ballot on the reappointment or non-reappointment of the candidate. The committee's report will show the vote tally, will explicitly recommend reappointment or non-reappointment of the candidate, and will be signed by all committee members. The report will also document the validity of the information contained in the portfolio. A copy of the report will be placed in the portfolio and also delivered to the candidate.

The primary purpose of the evaluation is to verify the information contained in the portfolio, and to determine whether the performance level of the candidate is below, at, or above the performance level commensurate with that of a tenurable faculty member in the department, as based on the criteria in the department FEP.

The Department Tenure Committee may request from the candidate revisions, additional information, and documentation not provided in the portfolio. If so directed, the candidate will have the opportunity to reorganize the portfolio.

(3) The Department Tenure Committee will forward the portfolio and supporting materials to the Department Chair/Associate Dean, who will add to the portfolio his/her written evaluation of the portfolio, with a copy of the evaluation delivered to the candidate. The written evaluation will recommend reappointment or non-reappointment of the candidate.

It is also the responsibility of the Department Chair/Associate Dean to verify the information contained in the portfolio, and to determine whether the performance level of the candidate is below, at, or above the performance level commensurate with that of a tenurable faculty member in the department, as based on the criteria in the department FEP.

The Department Chair/Associate Dean will forward the portfolio to the College Dean.

(4) The Department Tenure Committee and the Department Chair/Associate Dean will conduct an annual review of the tenure-track candidate during the candidate's first five years of probationary service. If both department-level reappointment recommendations are positive for the 1st, 2nd, and 4th annual reviews, the College Dean will return the portfolio (without review) to the candidate and forward his/her approval and recommendation for reappointment to the Provost.
In the event that clarification of the department recommendations is warranted prior to submitting his/her reappointment recommendation to the Provost, the Dean may review the portfolio. If at least one of the department-level reappointment recommendations is negative for the 1st, 2nd, and 4th annual reviews, the Dean will conduct a complete review of the portfolio. The Dean will also conduct a complete review of the portfolio for a candidate's 3rd and 5th annual reviews. When conducting a complete review, the Dean will review the portfolio, produce a written evaluation of the portfolio, and recommend reappointment or non-reappointment of the candidate. A copy of the evaluation will be placed in the portfolio and also delivered to the candidate. The portfolio will be returned to the candidate.

(5) The Provost will review all reappointment recommendations from the department and college levels and any responses provided by the candidate in rebuttal, and make a recommendation to the President regarding reappointment of the candidate. The Provost’s recommendation for reappointment or non-reappointment will be sent to the President with copies to the candidate, College Dean, and Department Chair/Associate Dean. If the Provost recommends non-reappointment, the Provost will provide written justification for the recommendation.

(6) At every level of review, the candidate will receive a copy of his/her evaluation and will have seven working days to respond, in writing, to the evaluation. The candidate's response, if any, will be placed in the portfolio and submitted to the next level of review.

9. TENURE REVIEW

(1) The Department Tenure Committee will meet to evaluate the candidate's tenure portfolio and supporting documents. The committee will produce a written evaluation of the portfolio using the department Faculty Evaluation Plan as the criteria for evaluation. As part of the evaluation, the Department Tenure Committee will recommend, in the form of a vote by secret ballot, tenure or non-tenure of the candidate. Abstentions are not allowed. Any sealed ballots submitted by absent faculty members shall be included in the tally with all ballots opened and counted at the same time during the Department Tenure Committee meeting. A faculty member on a leave of absence or sabbatical is not an active member of the tenure committee and shall not vote. The committee's report will show the vote tally and will be signed by all committee members. The report will also document the validity of the information contained in the portfolio. A copy of the report will be placed in the portfolio and also delivered to the candidate.

The primary purpose of the evaluation is to certify the information contained in the portfolio, and to determine whether the performance level of the candidate is below, at, or above the performance level commensurate with that of a tenurable faculty member in the department, as based on the criteria in the department Faculty Evaluation Plan.

The Department Tenure Committee may request from the candidate, revisions, additional information, and documentation not provided in the portfolio. If so directed, the candidate will have the opportunity to realign the organization of contents of his/her portfolio.

(2) The Department Tenure Committee will forward the portfolio to the Department Chair/Associate Dean, who will add to the portfolio his/her written evaluation of the portfolio, with a
copy of the evaluation delivered to the candidate. The written evaluation will recommend tenure or non-tenure of the candidate.

It is also the responsibility of the Department Chair/Associate Dean to certify the information contained in the portfolio, and to determine whether the performance level of the candidate is below, at, or above the performance level commensurate with that of a tenurable faculty member in the department, as based on the criteria in the department Faculty Evaluation Plan.

(3) The Department Chair/Associate Dean will forward the portfolio to the College Tenure Committee. The College Tenure Committee will read the candidate's department Faculty Evaluation Plan and then produce a written evaluation of the portfolio using the department Faculty Evaluation Plan as the primary criteria for evaluation. As part of the evaluation, the College Tenure Committee will recommend, in the form of a vote by secret ballot, tenure or non-tenure of the candidate. Abstentions are not allowed. Any sealed ballots submitted by absent faculty members shall be included in the tally with all ballots opened and counted at the same time during the College Tenure Committee meeting. The committee's report will show the vote tally and will be signed by all committee members. A copy of the report will be placed in the portfolio and also delivered to the candidate.

(4) The College Tenure Committee will forward the portfolio to the College Dean. The Dean will produce a written evaluation of the portfolio. The written evaluation will recommend tenure or non-tenure of the candidate. A copy of the evaluation will be placed in the portfolio and also delivered to the candidate.

(5) The College Dean will forward the portfolio to the University Tenure Committee. The University Tenure Committee will read the candidate's department FEP and then produce a written evaluation of the portfolio using the department FEP as the basis for evaluation. As part of the evaluation, the University Tenure Committee will recommend, in the form of a vote by secret ballot, tenure or non-tenure of the candidate. The committee's report will show the vote tally and will be signed by all committee members. A copy of the report will be placed in the portfolio and also delivered to the candidate.

(6) The University Tenure Committee will forward the portfolio to the Provost. The Provost will review all tenure recommendations from the department, college, and university levels, including any responses provided by the candidate in rebuttal and will produce a written evaluation of the portfolio. The written evaluation will recommend tenure or non-tenure of the candidate. A copy of the evaluation will be placed in the portfolio and also delivered to the candidate. The Provost will then forward the recommendation to the President.

(7) The President will make the final recommendation regarding tenure to the Board of Regents. The President will inform the candidate in writing of the recommendation at least two weeks prior to the Board of Regents meeting with copies to the Chair/Associate Dean, Dean, and Provost. A candidate not recommended for tenure may request a meeting with the President prior to the Board of Regents meeting.
(8) At every level of review, the candidate will receive a copy of his/her evaluation and will have seven calendar days to respond, in writing, to the evaluation. The candidate's response, if any, will be placed in the portfolio and submitted to the next level of review.

10. APPOINTMENT WITH TENURE FOR FACULTY

It may be in the best interest of the university to award tenure to a candidate with exceptional credentials, experience, and previously acquired tenure as a condition of employment.

When a potential new faculty member who has never been employed as a faculty member of Morehead State University and meets these criteria requests the awarding of tenure as a condition of employment, the candidate will prepare documentation that clearly demonstrates professional activities and accomplishments, teaching, and service, for the previous six (or more) years. The materials will then be reviewed by the Department and College Tenure Committees in an expedited fashion.

11. APPOINTMENT WITH TENURE FOR ACADEMIC ADMINISTRATORS

The appointment with tenure of academic administrators such as Provost, College Deans, Associate Deans, and Department Chairs may be made if the following procedure is followed:

(1) The position's search committee must recommend the candidate for tenure and forward the recommendation and the candidate's credentials to the hiring supervisor, who will solicit a recommendation from the appropriate Department Tenure Committee.

(2) When considering an appointment with tenure for a College Dean, the Provost will solicit a recommendation from the appropriate Department Tenure Committee.

(3) When considering an appointment with tenure for a Department Chair or Associate Dean, the Provost will solicit a recommendation from the appropriate Department Tenure Committee and College Dean.

(4) The Provost will forward the recommendations for appointment with tenure to the President.

(5) The President will review the recommendations and present his or her recommendation to the Board of Regents for approval.

Appointment with tenure is not applicable for the chairperson of the Department of Military Science.

12. DATES FOR THE TENURE REVIEW PROCESS

Specific dates and deadlines for the tenure review process in each year will be set and distributed to the faculty by the Office of the Provost.
Recommendation:

That the Board accept the financial statements and amend the operating budget for the second quarter of the fiscal year that will end June 30, 2019.

Background:

The University has a statutory requirement to furnish quarterly financial reports to the Board of Regents. Financial statements have been prepared as of December 31, 2018, the second quarter of the fiscal year ending June 30, 2019. The statements, along with management’s discussion and analysis and budget amendment information are attached.
This discussion and analysis of Morehead State University’s financial statements provides an overview of the University’s financial activities for the six months that ended on December 31, 2018. The statements and this discussion and analysis have been prepared by Accounting and Financial Services staff.

Using These Financial Statements

This report consists of two basic financial statements. The Statements of Net Position include information about the assets, liabilities, deferred inflows/outflows, and net position of the entire University. The Statements of Revenues, Expenditures and Changes in Net Position provide information about the unrestricted current funds revenues, expenditures and transfers of the University. The statements are prepared on an accrual basis and reflect the results of all transactions that affect the financial status of Morehead State University. These financial statements have not been prepared in full accordance with Government Accounting Standards Board Statement 35 (GASB 35). Interim statements are prepared using a fund approach to facilitate budget comparisons and management decisions. Year-end statements are prepared in the GASB 35 format.

Financial Highlights

Morehead State University’s financial picture remains stable through the second quarter of the 2018-2019 fiscal year. During the period July 1, 2018 through December 31, 2018, the University operated with a surplus of revenues over expenditures and transfers in the amount of $40,526,870. This level of operating surplus is expected at this time, since most of the billings for the Spring 2019 semester are reflected in the tuition and fees revenue and only expenditures through December 31, 2018 are reflected. As the fiscal year proceeds, the variance between revenues and expenditures will continue to decrease and should reflect a more appropriate operating surplus or deficit.

Significant trends and variances for the six months are summarized as follows:

- Total revenues decreased approximately $3.9 million from last year to $108 million. The decrease primarily relates to declines in tuition and fee revenue and state appropriation revenue.
- The percent of actual total revenue to budget was 72.69% at December 31, 2018 and 72.56% at December 31, 2017. This percentage would be expected at this time, since most of the billings for the Spring 2019 semester are reflected in the tuition and fees revenue.
- Total expenses were approximately $67.7 million at December 31, 2018 and $71.8 million at December 31, 2017. The $4.1 million decrease is due to reductions in operating expense budgets from all divisions as a result of projected declines in tuition and fee revenue and state appropriation revenue. Variances within divisions also resulted from reorganizations that focused on strengthening the University’s financial position in the state’s Performance Based Funding Model.
- Net change in net position was $40 million at December 31, 2018 and 2017. As the fiscal year proceeds, the variance will continue to decrease and should reflect a more appropriate operating surplus or deficit.

See Attached Notes To Statements of Net Position  
28
1. The Statements of Net Position include the unrestricted current funds, restricted current funds, endowment funds, loan funds, and plant funds of the University. Agency funds held for others are not included.

2. Cash and cash equivalents increased $8 million primarily due to timing differences of when capital appropriations were received for the student services facility renovation/expansion project. This increase is also related to decreases in expenditures as a result of operating expense budget reductions.

3. Accounts, grants, and loans receivable are shown net of allowance for uncollectible student accounts of $2,049,436 at December 31, 2018 and $2,185,670 at December 31, 2017. Also, included in this category is $7.8 million in receivables from federal and state agencies at December 31, 2018 and $13.7 million at December 31, 2017. The decrease in receivables from federal and state agencies is primarily related to the timing of when capital appropriations were received for the student services facility renovation/expansion project.

4. Other current assets include financial commitments from the MSU Foundation for campus construction and renovation projects.

5. Noncurrent accounts, grants and loans receivable represent balances owed to the University from borrowers who have participated in the Federal Perkins Loan Program.

6. Capital assets, net increased approximately $1.9 million from the previous year. This was due to increases in capital assets related to completed and capitalized projects for the parking garage/dining commons, IT Infrastructure and the renovation/expansion of ADUC. The increases were offset by expenses previously reported as construction in progress for the renovation/expansion of ADUC that were capitalized and moved to capital asset categories. Accumulated depreciation on buildings and equipment was $199,298,254 at December 31, 2018 and $189,103,845 at December 31, 2017.

7. Deferred outflows of resources include the amount of pension and OPEB contributions paid to KTRS and KERS from July 1, 2017 through June 30, 2018. These amounts were paid subsequent to the June 30, 2017 measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Deferred outflows also include amounts related to changes in assumptions used in the calculations by the actuaries.

8. Accounts payable and accrued liabilities include amounts due to vendors and amounts due for withheld and matching portions of payroll taxes and estimated claims payable, but not paid until after the Statements of Net Position date.

9. Unearned revenue from federal and state grants represent amounts received but not expended at the Statements of Net Position date.

10. Bonds and capital lease obligations include the current and long-term portions of amounts borrowed for the purchase of plant assets. The University made principal payments on outstanding debt in the amount of $6.7 million and amortized $145,000 in Bond Reoffering Premiums.

11. Net pension and OPEB liability is due to the implementation of GASB 68 and GASB 75, which required Morehead State University to record its proportionate share of the Commonwealth of Kentucky’s net pension and net OPEB liability.

12. Deferred inflows of resources include bond premiums from the issuance of the 2014 Series A and B and 2016 Series A General Receipts Bonds. Also, included in this category are deferred inflows from changes in assumptions and changes in proportionate share of contributions related to GASB 68 and 75.

Recommendation:

That the Board of Regents authorize the University President to exercise the University's option to redeem the General Receipts Bonds, 2008 Series A prior to maturity and to execute a loan agreement with Kentucky Bank, Inc. to finance the principal balance of the bond plus accrued interest to the redemption date.

Background:

On June 10, 2008, Morehead State University issued $10 million General Receipts Bonds, 2008 Series A for the purpose of refunding outstanding Housing and Dining System Revenue Bonds, Series N, P, and R and paying the cost of the new bond issue. The interest rate on the 2008 Series A Bonds is 3.00 – 3.80% with a maturity date of November 1, 2022. The University has the option to redeem the bonds on or after the call date of November 1, 2018 at the price of par (face value) plus accrued interest. The outstanding balance as of the call date is $2,060,000.

In a review of institutional obligations, and taking into account the current budget constraints, it will be advantageous to the University during the next several years to restructure our debt portfolio to substantially reduce annual cash payments.

In December 2018, MSU requested formal letters of interest from local and regional banking institutions with locations in Rowan County who may have an interest in providing financing around the following parameters:

- Loan Amount: Not to exceed $2,250,000
- Anticipated Date to Begin: March-April 2019
- Desired Loan Length: 8 years
- Taxable Status: Tax exempt
- Payment Schedule: Level payments

Of the responses received, the banking institution with the most competitive terms and favorable loan structure was Kentucky Bank, Inc. Based on an outline of the initial proposed terms, the resulting reduction in annual debt payments is estimated to be around $600,000.
Recommendation:

That the Board of Regents approve up to a 2.5 percent tuition rate increase for undergraduate resident, non-resident, and international students and approve a rate freeze for graduate tuition, mandatory student fees, and student housing rental rates effective for the fall 2019 semester.

Background:

Tuition and Mandatory Student Fees

On April 27, 2018, the Council on Postsecondary Education (CPE) adopted a two-year resident undergraduate tuition and mandatory fee ceiling for the 2018-2020 biennium that did not allow base tuition increases to exceed 6 percent over the two years and no more than 4 percent in any one year. The base tuition rate excludes CPE approved Special Use Fees.

Although the tuition increase parameters established by CPE allowed MSU to increase base tuition by up to 4 percent in the first year of the biennium (2018-2019), the recommendation was made to the MSU Board of Regents to freeze tuition rates for the current fiscal year. The Board approved the recommended 2018-2019 tuition and mandatory student fee rates on June 7, 2018. Given that MSU did not increase tuition in 2018-2019, the increase allowed by CPE for the second year of the biennium (2019-2020) is no more than 4 percent for undergraduate resident students.

MSU has continued to be sensitive to maintain affordability for our students and families, particularly in our service region. Our tuition and fee rates remain nearly the lowest in the state among public 4-year postsecondary education institutions. However, this philosophy of affordability is balanced with the need to provide sufficient revenue to achieve the goals and objectives identified in CPE’s 2016-2021 Strategic Agenda for Postsecondary and Adult Education: Stronger by Degrees and MSU’s SOAR 2018-2022 Vision & Strategic Plan. Sufficient revenue is also needed to offset the loss of state appropriation and increases in operating costs.

Student Housing Rental Rates

Student housing rental rates are established to remain competitive with other state universities and the local housing market with similar amenities. To continue to keep MSU housing as an affordable option for our students, a rate freeze of student housing rental rates is recommended for 2019-2020.
Recommendation:

That the Board approve the 2020-2026 Six-year Capital Plan that will be submitted to the Capital Planning and Advisory Board on April 15, 2019.

Background:

The University will be submitting the 2020-2026 Six-Year Capital Plan to the Capital Planning and Advisory Board and the Council on Postsecondary Education by the statutory deadline of April 15, 2019. The Plan will include a list of capital projects with an estimated scope of $1,000,000 or more and equipment purchases with an estimated scope of $200,000 or more. A preliminary list of the projects in the 2020-2026 Six-Year Capital Plan is being presented to the Board at the March 28, 2019 meeting.

The projects included in the first biennia of the Plan will be used as the basis of the development of the 2020-2022 Executive Budget Capital Request which will be presented to the Board for approval at its September meeting. The projects are identified by the anticipated fund source including:

- State Bonds – Bonded indebtedness issued by the State for which the debt service payments will be managed by the State.
- State General Funds – Direct state appropriations designated in the Budget of the Commonwealth for a specific line item.
- Agency Bonds – Bonded indebtedness issued by the University for which debt service payments will be made by the University from institutional revenues.
- Agency Funds – University funds generated from institutional revenue sources.
- Other Funds – External funds granted to the University for a specific capital project.

Following is the final list of projects included in the 2020-2026 Six-Year Capital Plan as submitted to the Capital Planning Advisory Board and the Council on Postsecondary Education:

Recommendation:

That the Board of Regents approve the naming of the theater in the Adron Doran University Center.

Background:

The naming of facilities or components of the University requires a recommendation from the President and approval of the Board of Regents. Traditionally, naming of components or facilities is a permanent means of recognizing those who have provided outstanding support to the institution or given exemplary personal service over a sustained period.

In recognition of the commitment and enduring support of Morehead State University and scholarship aid for our students, we are recommending that the name of the individuals listed below be placed on the designated spaces in the renovated Adron Doran University Center. This will honor their commitment to our mission of educating students from East Kentucky and beyond. This recognition is in addition to the previous list of approved namings.
