# Foreword

---

As in the past, this twenty-third edition of the Morehead State University **Profile** represents a composite view of MoSU at specific points in time. The **Profile** student data reference points are the dates of fall enrollment and annual degrees conferred for reports to the Kentucky Council on Postsecondary Education (CPE). Faculty and staff data, likewise, reflect information reported each fall to the national Integrated Post-Secondary Education Data System (IPEDS). Other data sources used are noted directly on charts or tables.

Over the years, the **Profile** has varied in physical layout and presentation of information. The content areas, however, have consistently focused on student enrollment, academic programs, and faculty characteristics. As always, our goal for the **Profile** is to insure that the document provides important, timely, and useable information. We are indebted to colleagues University-wide for their assistance in providing the breadth and depth of information in this edition. We hope you find it interesting and useful.

As an additional source of information, the Institutional Research office maintains a page on MSU's website. Our address is <http://www.morehead-st.edu/units/irca>. The 2001/02 and 2000/2001 **Profiles** are available online, as well as the latest Nutshell, Common Data Set information, and links to other resources such as the University's strategic planning information, now located in the Office of Planning and Budgets

If you have any questions, comments or suggestions concerning the **Profile**, please give us a call at 783-2009.

Jeanne S. Osborne, Director  
Institutional Research and Effectiveness

# **GENERAL INFORMATION**

# Highlights

---

## Morehead State University .....In A Nutshell.....

- Headcount enrollment in Fall 2001 was 9,027, up 700 (8.4%) from fall 2000 (8,327).
- First-time freshman headcount was 1,587, an 8.4% increase from fall 2000 enrollment (1,464).
- Eighty-five percent of undergraduates enrolled full-time (6,159 of 7,257) compared to 17% of graduate students (301 of 1,770), 83% of whom enrolled part-time.
- Women outnumbered men at the University, accounting for 61% of undergraduates, 70% of graduate enrollment, or 62% of enrollment overall.
- The average age of undergraduates was 23 years (minimum 12 years, maximum 67 years) compared to 34 years for graduate students (minimum 22 years, maximum 73 years).
- Eighty-four percent of enrollees were Kentuckians; 65% originated from MoSU's 22-county Service Region.
- Minorities (including international students) represented six percent of University enrollment overall.
- MoSU conferred 1,382 first degrees in 2000-01 -- 136 Associate, 927 Bachelor and 319 Master/Specialist. An additional 33 second degrees were conferred in 2000-01 – 32 Bachelor and 1 Master.
- Camden-Carroll Library averaged about 5,200 visits per week during the Fall 2001 semester.
- Residence halls housed 3,266 students in fall 2001.
- Financial aid for student employment (Fiscal Year '01) totaled \$2,543,535.
- About 67% of MoSU's alumni reside in Kentucky.
- MoSU's 340 full-time and 128 part-time faculty taught 2,222 courses in Fall 2001.
- In addition to faculty, MoSU employed 1,036 staff (including 112 graduate assistants.)
- The university's opening budget (2001-02) was \$87.4 million.

# University Overview

---

Meeting the educational needs of East Kentucky while striving to constantly improve the quality of its public service, economic development and applied research programs are the primary objectives of Morehead State University.

Historically, the University traces its lineage to the Morehead Normal School, which opened its doors in 1887. The private school closed in the spring of 1922 when the Kentucky General Assembly established Morehead State Normal School. The state institution accepted its first students in the fall of 1923 and graduated its first class in 1927. Name changes occurred in 1926 when "and Teachers College" was added, again in 1930 when it was shortened to Morehead State Teachers College, again in 1948 when "Teachers" was dropped and, finally, to university status in 1966. Twelve men, starting with Frank C. Button, have served as president. Dr. Ronald G. Eaglin assumed office as the 12th president on July 1, 1992.

Academically, the University offers 91 undergraduate degree programs, including 10 associate level degrees and 12 pre-professional programs in four colleges -- Business, Education, Humanities, and Science and Technology -- and 19 academic departments. There are 36 graduate degree programs plus 17 graduate level non-degree programs designed especially for professional educators. A post-master's level degree, education specialist with four specialty areas, and a joint doctoral program with the University of Kentucky also are offered on the MSU campus.

Classes also are conducted in Ashland, Jackson, Maysville, Pikeville, Prestonsburg, West Liberty, Whitesburg and other locations. Extended campus centers located in Ashland, Prestonsburg and West Liberty are staffed with full-time personnel. Additionally, the University offers a number of distance learning courses throughout the region via the Internet and interactive compressed video. Sixty-one percent of MSU's 340 full-time faculty members hold doctoral degrees.

Physically, the University is located in the foothills of the Daniel Boone National Forest in Rowan County. The nearly 500-acre main campus within the city limits of Morehead includes more than 50 major structures with a total replacement value of more than \$144 million. Beyond the city, the University's real estate holdings include the 320-acre Derrickson Agricultural complex and a nine-hole public golf course. The instructional plant includes 120 classrooms and 112 laboratories. Housing facilities include space for approximately 3,400 single students and 138 student families.

Fiscally, the University currently operates on an annual budget of \$87.4 million with about \$41.4 million provided by the state and \$24 million coming from tuition and fees and other sources. Additionally, grants and contracts from external sources for research, service and academic/student support projects generate more than \$10 million each year. Private donations to the University, mainly through the MSU Foundation Inc., have reached more than \$2 million.

Statistically, the University has awarded more than 45,000 degrees, has an average fall enrollment of more than 8,700 and approximately 1,000 full-time employees. The student body represents 105 Kentucky counties, 43 states and 37 foreign countries. The University attracts more than 55,000 visitors each year and its economic impact, directly and indirectly, on the Morehead area is estimated at more than \$70 million yearly.

Administratively, the University is governed by an 11-member Board of Regents with eight citizens appointed by the governor and three seats held by elected faculty, staff and student representatives. Management of the institution is vested primarily in five divisions--Academic Affairs, Administration and Fiscal Services, Development, Student Life and University Relations--each headed by a vice president.

Athletically, the University sponsors 18 intercollegiate sports for men and women in accordance with the regulations of the Ohio Valley Conference and Division I of the National Collegiate Athletic Association. MSU also supports an intramural program involving more than 20 team and individual sports.

# Mission Statement

---

**WHO WE ARE:**

We are a community of learners that includes teachers, scholars, staff, and students, accredited as a comprehensive University serving the eastern region of the Commonwealth of Kentucky.

**WHAT WE DO:**

We offer quality higher education opportunities and training in a collegial environment of open inquiry and educational interaction. We continually pursue academic education, professional development and research in the belief that learning is a life-long process. We are dedicated to serving as both an important educational resource and as a positive role model for our community.

**WHERE WE ARE GOING:**

We commit to preparing ourselves for the challenges and opportunities of the 21<sup>st</sup> century and to improving the quality of life for the community in which we live and work, while protecting and preserving the unique history and heritage of our service region and the Commonwealth of Kentucky.

Adopted 2001.

Undergraduate "non-degree" included with Associate "undeclared".  
 Graduate "non-degree" included with Masters.

**Degree-Seeking vs. Non-Degree-Seeking Students  
and the Council on Postsecondary Education (CPE) Classification System**

The Kentucky Council on Postsecondary Education (CPE) classifies students as degree-seeking or non-degree-seeking. Degree-seeking students are those enrolled or planning to enroll in programs of study in which formal degrees are awarded following program completion. Student classification by level begins with designation as graduate or undergraduate.

Degree seeking students at the undergraduate level are classified as Freshman (fewer than 30 credit hours accrued), Sophomore (at least 30 but fewer than 60 credit hours accrued), Junior (at least 60 but fewer than 90 credit hours accrued), and Senior (90 or more credit hours accrued).

At the graduate level, Masters degree-seekers must have earned an undergraduate degree and be enrolled in a masters level program of study. Specialists degree-seekers in general must have earned a masters degree and be enrolled in a specialist level program of study.

Non-degree-seeking students may be classified as undergraduate non-degree, high school (high school students taking a college class for credit), graduate non-degree or auditor. Graduate non-degree students are typically 5th year Education majors or Rank I Education majors. These students follow a program of study but there is no formal degree awarded. Auditors may be taking a class for no credit (auditing) at either the undergraduate or graduate level.

**Going From CPE Level Classification to Typical  
Enrollment Presentation Classification**

In general, when MSU presents enrollment figures, the degree-seeking status of students is ignored and data are reported by five levels -- four (4) undergraduate levels (freshman, sophomore, junior, senior) and one (1) graduate level.

To collapse the degree-seeking classification tables on page 16 into five levels presented on page 18:

Begin with the degree-seeking classifications:

Freshman	2,613
Sophomore	1,362
Junior	1,246
Senior	1,688
Postbacc*	58
<i>Senior Sub Total</i>	<i>1,746</i>
Graduate (Masters)	1,008
Graduate (Specialist)	6
Graduate (Doctoral**)	1
<i>Graduate Sub Total</i>	<i><u>1,015</u></i>
<b>Total Degree Seeking</b>	<b>7,982</b>

Take non-degree-seeking classifications:

(1) Undergraduate Non-degree (215) -- Note: insufficient information is presented here to do this; however, on the basis of hours accrued, we determined there are 197 freshmen, 11 sophomores, 4 juniors, and 3 seniors (add to appropriate class)

(2) High School (75) -- add to Freshman

(3) Auditors (11) -- Note: again, insufficient information is presented here to do this; however, each auditor is a graduate level or undergraduate level auditor. There were 11 graduate auditors. Add to Graduate.

(4) Graduate Non-Degree (744) -- add to Graduate

Total Non-Degree-Seekers: 1,045

Thus, in Fall 2001, MSU had:

	<u>Degree-Seeking</u>		<u>Non-degree</u>		<u>HS</u>		<u>Auditor</u>	
Freshman	2,613	+	197	+	75	+		= 2,885
Sophomore	1,362		11			+		= 1,373
Junior	1,246		4					= 1,250
Senior	1,746		3					= 1,749
Graduate	1,015	+	744			+	11	= 1,770
							<b>Total students</b>	<b>= 9,027</b>

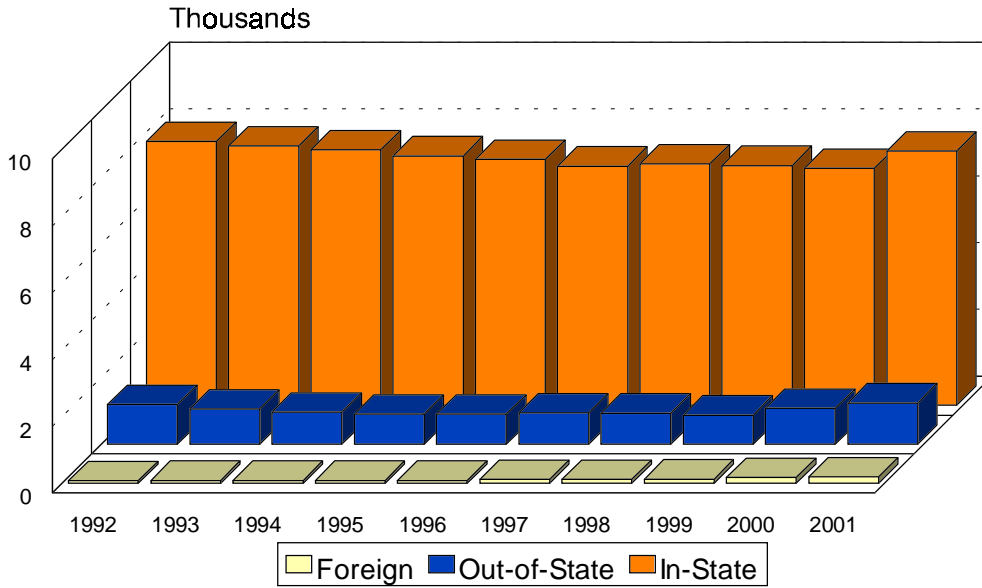

\*Post-baccalaureates seeking second undergraduate degree counted with Seniors

\*\*Cooperative doctoral with U.K.

# Highlights

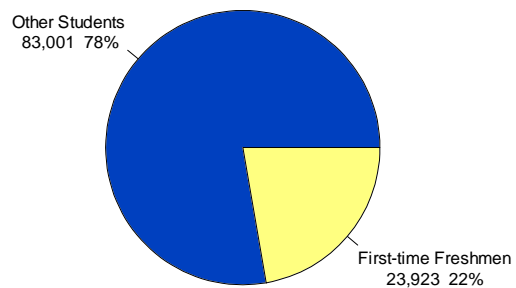

## First-time Freshmen

Ninety-eight percent (1,563) of fall 2001 first-time freshmen were full-time students. This group accounted for about 22% (23,923) of the University's total credit hour production (106,924). In order of degree intent, 1,212 (about 76%) were baccalaureate-seekers, followed by 345 (22%) associate-seekers and 30 (2%) were undecided as to degree level.

**Fall 2001  
First-time Freshmen**

**Fall 2001  
Credit Hours**

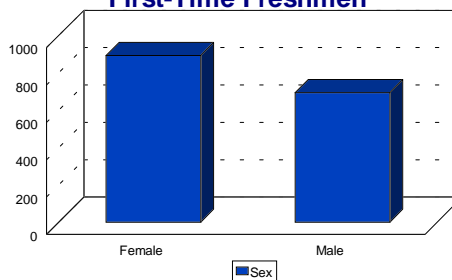

The majority (1,532 or 97%) of MSU fall 2001 first-time freshmen were of "traditional" age, that is, between 18 and 24 years of age, and more than half (56%) were female. About 93% (1,480) were white whereas blacks accounted for 72% (77 of 107) of the non-whites and about 5% of fall 2001 first-time freshman enrollment overall.

**Age  
First-Time Freshmen**

**Sex  
First-Time Freshmen**

**Race  
First-Time Freshmen**

About half (850) of first-time freshmen originated in MSU's 22-county service region and an additional 24% (376) came from the remaining counties throughout the Commonwealth. Overall, 77% of first-time freshmen were Kentucky residents compared to 84% Kentucky residency in the total fall 2001 student population.

Note: In Fall 2001, the College of Education & Behavioral Sciences was reorganized and was renamed the College of Education. The Dept. of Psychology moved to the College of Science & Technology, the Dept. of Sociology, Social Work & Criminology and the Dept. of Military Science moved to the College of Humanities.

\* "Consumed" refers to credit hours taken in any college by majors within a college.

Example - In 1999, University credit hours taken by Business majors totaled 14,315 hours.

UNDECIDED/NONDEGREE	1,885	16,343	--	--
<b>UNIVERSITY TOTALS</b>	<b>9,027</b>	<b>106,924</b>	<b>41,228</b>	<b>106,924</b>

\* "Generated" refers to credit hours generated through courses taught within a college.

**Credit Hours - "Consumed" and "Generated"**

The difference between credit hours "consumed" by majors within a given college and credit hours "generated" by faculty teaching within a given college characterize that college's general academic service profile. For example, Business majors accrued (consumed) 15,779 credit hours in Fall 2000 whereas Business faculty taught classes which generated 15,635 credit hours during the same semester. The number of credit hours consumed by Business majors in excess of credit hours generated by Business faculty characterizes the College of Business as an academic service "consumer" in Fall 2000, the first time in eight years. As expected, the College of Humanities generated the most course credit hours overall as well as the most credit hours in excess of majors' credit hours (consumed throughout the University).

## "CIP" Majors

"CIP" is an acronym for "Classification of Instructional Programs", a taxonomy developed by the National Center for Education Statistics which is the Federal standard used for collecting, reporting, and interpreting education program data. The Kentucky Council on Postsecondary Education assigns CIP codes (and descriptions) to all post-secondary approved programs of study.

Prefixes (to the code) "A", "B", "C", "M", "S" and "D" describe program levels - associate, bachelor, certificate, master, specialist and doctoral (cooperative doctoral program with the University of Kentucky). Non-degree and undecided prefixes "G" and "U" identify graduate or undergraduate levels.

# Highlights

## Majors, 2001

### Undergraduate

About 10% (840) of fall 2001 degree-seeking undergraduates had not yet declared a major program of study and an additional 290 undergraduates did not plan to seek a degree. For degree-seekers, the most popular undergraduate majors were in the fields of Education, Liberal Arts, Biology, Business & Communications. Fall 2001 degree programs with 100 or more majors were:

(Bachelor) Elementary Teacher Education	609
(Associate) General Studies	463
(Bachelor) Biology, General	385
(Bachelor) Mgt Information Systems & Business Data Processing	318
(Bachelor) Communications, General	297
(Bachelor) Business Administration & Management	272
(Bachelor) Social Work, General	205
(Bachelor) Nursing, RN Training	196
(Bachelor) Psychology, General	185
(Bachelor) Accounting	180
(Bachelor) Sociology	171
(Bachelor) Fine/Studio Arts	160
(Bachelor) Industrial Technology	154
(Bachelor) Special Education, General	147
(Bachelor) General Studies	128
(Bachelor) Business Marketing & Marketing Mngt	125
(Bachelor) English Language & Literature, General	120
(Bachelor) Music Teacher Education	114
(Associate) Nursing, RN Training	113
(Bachelor) Physical Education Teaching & Coaching	108
(Bachelor) Agriculture Science	108

### Graduate

Forty-three percent (755) of fall 2001 graduate students were non-degree enrollees. Traditionally, in contrast to undergraduate non-degree students, graduate non-degree seekers tend to follow programs of study. The majority of graduate non-degree students attend MoSU in order to satisfy Rank I and 5th year certification requirements in Education.

The predominate graduate degree majors are:

(Master) Business, General	273
(Master) Adult & Continuing Education	137
(Master) Elementary Education	120
(Master) Counselor Education/Student Counseling & Guidance	106

\*Classification of Instructional Programs

\*\*Now counted under 52.

Source: Council on Postsecondary Education Data Base

In order to obtain a general program area overview of enrollments, the Council on Postsecondary Education prepares trend tables displaying comparative fall enrollments by CIP (Classification of Instructional Programs) Area. That is, the 6-digit CIP codes for specific program majors are collapsed to 2-digit codes and enrollments in all majors beginning with the 2-digits are summed. For example, under CIP code 13 (Education), enrollments in 20 specific program major codes have been summed showing MoSU's fall 2001 enrollment in Education programs to be 1,757. The technique allows for quick overview of predominate areas of enrollment at MoSU (as in this table) and for other institutions across the Commonwealth.

Morehead State University is a predominantly undergraduate institution. This overview displays the relative emphasis on undergraduate education by colleges as reflected in fall 2001 numbers of courses taught, course enrollments and credit hours generated. Overall, 57% of UG courses taught were lower level (UG) courses. Fourteen percent of courses taught were graduate level offerings. These graduate level courses accounted for 8% of course enrollments and 9% of total credit hours generated, respectively. Average class sizes varied by college and level. In general, lower-level classes were larger than upper level class sizes and graduate level class sizes were smallest overall. University-wide, in fall 2001, the average undergraduate lower level class size was 25, the average undergraduate upper level class size was 13 and the average graduate class size was 10. The college comparative figures below display fall 2001 relative instructional by Lower, Upper and Graduate student levels.

## Distance Learning Courses Fall 2001

In fall 2000, the Council on Postsecondary Education reclassified distance learning courses by site (on-campus, off-campus) and by primary learning mode of delivery ("A" Institutional Telecourse, "B" Internet/World Wide Web, "C" Interactive Video, "D" Print Based, Audiotaped, Videotaped, or CD ROM Study (includes traditional correspondence study)).

Morehead State University reported 156 distance learning courses in fall 2001. The following table shows that for those 156 courses, the predominant modes of delivery were Interactive Video (104 courses) and Internet (49 courses). The remaining 3 courses were Open Broadcast, KET originated. The other two sections of the table display total course enrollments and student credit hours generated by all distance learning courses in fall 2001. In total, distance learning courses accounted for about 4% of course enrollments (1,696 of 41,228) and 5% of student credit hours generated (5,070 of 106,924) overall.

\* Source: MSU AIMS Data Base; PCC = completed pre-college curriculum; NPCC = did not complete pre-college curriculum.

Note: PCC completers are all graduates of Kentucky high schools or Kentucky home schools. PCC non-completers include Kentucky students who did not complete the pre-college high school curriculum and includes exempt status students such as out-of-state and some non-traditional students. GED completers occur in both groups.

# Highlights

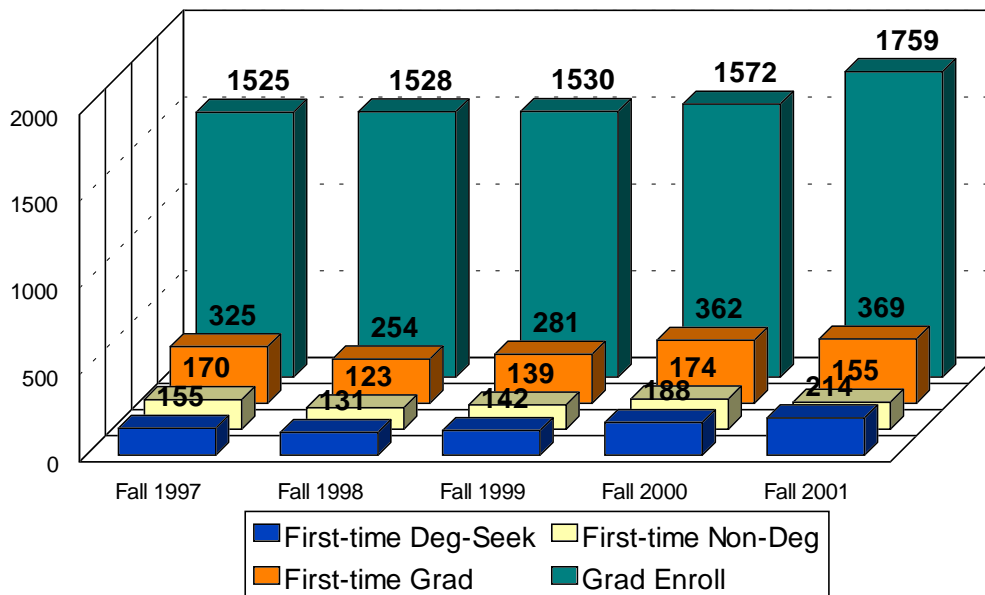

## Graduate Enrollment

Over the past five years first-time graduate student enrollment has accounted for about twenty percent of graduate student enrollment overall. First-time graduate headcounts were 325 of 1,525 (21%) in fall 1997, 254 of 2,528 (17%) in fall 1998, 281 of 1,530 (18%) in fall 1999, and 362 of 1,572 (23%) in fall 2000, and 369 of 1,759 (21%) in fall 2001. First-time graduate enrollment in fall 2001 was fairly evenly split between degree-seekers and non-degree-seekers (155 degree-seekers vs 214 non-degree-seekers) a continuing trend over the past five years.

Unlike first-time freshmen who typically take the required college entrance examination such as the ACT or SAT prior to enrolling, a large proportion of first-time graduate students take advantage of the “12 credit hour” rule (“all graduate students will be limited to twelve graduate credit hours unless they are admitted to a graduate program”, 1998-2000 Graduate Catalog, p.22) by waiting to take the required entrance examination. Since fewer than half of first-time graduate students typically have GRE’s or GMAT scores on file by their second semester of enrollment, we have taken an annual snapshot of the total graduate student population rather than just first-time students.

The following tables display selected characteristics of 1,759 fall 2001 graduate students (11 graduate level auditors have been omitted) by degree objective (degree-seeking or non-degree-seeking) and major. Note that table large “N”s refer to the total number of graduate students within a given major and small “n”s correspond to the number of students contributing to a given average score. Average scores have not been printed for majors for which there were fewer than three students contributing scores although the presence a “+” indicates that these scores have been used in calculating overall GPAs and subtest scores.

### Five-Year Trends in Graduate Enrollment Fall 1997 -- Fall 2001

Note: Average total scores may not verify as sums of subtotals due to rounding. Eleven graduate auditors have been included with non-degree seekers.  
GMAT scores not included in GRE totals/averages.  
Scores are not printed in cases where there are fewer than 3 in a category, although + indicates actual values were used in calculation of overall means.

# **UG RETENTION/ GRADUATION RATES**

# Highlights

## Undergraduate Retention Rates

The American College Testing Program annually compiles postsecondary freshman to sophomore year dropout rates from its ACT Institutional Data File. The table reproduced below displays ACT-compiled 2001 National Dropout Rates, Freshman to Sophomore Year, by Admissions Selectivity for institutions reporting cut-off scores. Since this institution tends to think primarily in terms of the flip side of the dropout coin (retention), we have added a column to the ACT table – *Implied Retention Rate, Mean %*.

**National Dropout Rates  
Freshman to Sophomore Year by Admissions Selectivity  
for Institutions Reporting Cut-Off Scores**

Selectivity Level	Average Total Score			Dropout Rate	<i>Implied Retention Rate</i>
	ACT	SAT	N	Mean %	<i>Mean %</i>
Highly selective	27-31	1,220-1,380	127	8.4	91.5
Selective	22-27	1,030-1,220	405	18.6	81.4
Traditional	20-23	950-1,070	712	27.6	72.4
Liberal	18-21	870-990	381	35.0	65.0
Open	17-20	830-950	886	46.4	53.6
Number of Institutions			2,511		

Source: Compiled from ACT Institutional Data File, 2001, American College Testing Service. \*Implied Retention Rates appended by Office of Institutional Research and Effectiveness, June 2002.

For comparative purposes, Morehead State University's ACT Composite cut-off score for unconditional freshman admission in fall 2001 was 14 (with an Admissions Index of at least 400), whereas the average Composite score for MoSU's fall 2001 first-time freshmen was 19.7. In terms of institutional admissions selectivity, an average ACT Composite score of 20 would place MoSU somewhere between "Open" (ACT 17-20) and "Liberal" (ACT 18-21) selectivity with "Implied Retention Rates" between 53.6% and 65%, respectively. MoSU's fall 2000 first-time freshman retention to fall 2001 was 67.4%, slightly above the average "Liberal" selectivity institution retention rate for the same time period.

\*Adjusted Retention Rates are calculated using the total number of students in that class minus the number who graduated and left.  
Source: Enrollment reports to CPE.

### Retention by CPE vs. Traditional Classification

The difference between CPE classification of fall 2001 students and the University's 'Traditional' classification of the same students is shown in detail in the Enrollment section of this [Profile](#) on Page 15. Briefly, MoSU's 'Traditional' classification disregards the student's degree-seeking status, pooling degree-seekers and non-degree-seekers within four undergraduate and one graduate classification (freshman, sophomore, junior, senior, graduate) based on the number of student credit hours completed. CPE's classification scheme first determines degree-seeking status (degree-seeking, non-degree-seeking), and then classifies undergraduate degree-seekers into five categories (freshman, sophomore, junior, senior, post-baccalaureate) and three non-degree-seeking categories (UG non-degree, High School, auditor). Thus, only one group, 2000 First-Time Freshman, in the 'Undergraduate Retention Rates by Traditional Classification -- Fall 2000 to Fall 2001' table on the previous page consists entirely of degree-seekers.

The table above displays retention of fall 2001 undergraduates to spring 2002 by CPE classification. Here undergraduate degree-seekers have been classified as freshmen, sophomores, juniors, seniors or post-baccalaureate based on credit hours completed. In CPE classification, High School students taking courses are identified as special non-degree students separate from other undergraduate non-degree enrollees who are grouped together as 'UG Non-degree' regardless of credit hours completed. As can be seen in the table, fall to spring retention of degree-seekers was higher than for non-degree-seekers which is consistent with retention findings for any time period.

---

## A Perspective on Graduation Rates

---

The American College Testing Program annually compiles graduation rates by type of institution, level of selectivity and degree level. The following table, compiled from ACT's Institutional Data File, 2001, displays rates for graduation within 3 years for associate degrees and 5 years for baccalaureate degrees.

### National Graduation\* Rates by Type of Institution and Level of Selectivity

#### Public Institutions

Self-Reported Selectivity/ACT		Associate	BA	MA	PhD
Highly Selective	Mean % = N = **SD =	NA	74.6 5 9.1	70.2 5 7.4	72.3 20 12.0
Selective	Mean % = N = **SD =	N/A 1	58.0 5 18.2	41.5 37 18.7	50.0 72 14.8
Traditional	Mean % = N = **SD =	34.8 5 22	41.5 33 14.4	39.6 101 13.6	38.2 77 11.8
Liberal	Mean % = N = **SD =	39.1 43 22.2	37.1 8 24.5	28.2 36 14.6	31.0 20 20.3
Open	Mean % = N = **SD =	31.9 729 19.8	28.5 13 15.0	27.9 20 15.1	27.5 6 17.0
Number of Institutions		776	63	199	195

\*Graduation in 3 years for Associate Degree; 5 years for BA/BS

\*\*Estimated Standard Deviation

Source: Compiled from the American College Testing (ACT) Institutional Data file, 2001.

MoSU's 3-year graduation rate for 1995-96 associate-seekers was 4% (16 of 374). However, an additional 43 associate-seekers obtained baccalaureate degrees within 5 years for an adjusted 5-year graduation rate of 16% (59 of 374). Likewise, for 1995-96 baccalaureate-seekers, 2 students obtained associate degrees within 3 years whereas an additional 249 students obtained baccalaureate degrees within 5 years for an adjusted 5-year graduation rate of 34%. The table on page 73 displays comparative 3, 4, 5 and 6-year graduation rates for 1995-96 first-time, full-time freshmen by degree-seeking level.

Note: All students (1,119) represents fall 1995 full-time Associate- and Baccalaureate-seeking first-time freshmen. The Student Athletes tracked are a subset of All Students consisting of those freshmen receiving athletics aid. NCAA rules accept graduation counts for baccalaureate-seekers who obtain baccalaureate degrees only. Likewise, the Kentucky Council on Postsecondary Education (CPE) accepts graduation counts for baccalaureate-seekers who obtain baccalaureate degrees only. The 345 degrees (of 745) reported for baccalaureate-seekers includes 2 associate degrees. The 6-year All Students Student graduation rate for CPE and NCAA purposes is 343 of 745 or 46%. The Student Athletes degrees reported (33 of 66) were all baccalaureate degrees.

1999/00	136	971	289	1,396
2000/01	136	927	319	1,382

The Ten-Year Trends, First Degrees Conferred 1991/92 -- 2000/01 table above displays the total headcount of degree recipients by first degree conferred for each of those years. The table below, Second Degrees Conferred 1991/92 -- 2000/01, indicates the number of students in each of those ten years who received a second degree during the same "degree year" in which the first degree was conferred. For example, in 2000/01, a total of 1,382 degrees were conferred on 1,382 students. Of that number, 33 students obtained a second degree during the same year. A total of 1,415 degrees were conferred on 1,382 students during 2000/01.

**SECOND DEGREES CONFERRED 1991/92 -- 2000/01**

Source: Fall Full-Time Instructional Faculty and Staff Reports to CPE.

Note: New hires have been restricted to permanent status (tenured/tenure track). The Institute for Regional Analysis and Public Policy (IRAPP) was created in fall 1999. Beginning in fall 1999, Human Sciences has been included with Agriculture. In fall 2000, Psychology moved to the College of Science and Technology. Sociology, Social Work & Criminology moved to the College of Humanities.

**FIVE YEAR TRENDS  
INSTRUCTIONAL FACULTY FULL AND PART-TIME STATUS  
BY COLLEGE FALL 1997--2001**

\* In Fall 2001, the College of Education and Behavioral Sciences became the College of Education; the Department of Psychology moved to the College of Science and Technology; the Department of Sociology, Social Work & Criminology and the Department of Military Science moved to the College of Humanities.

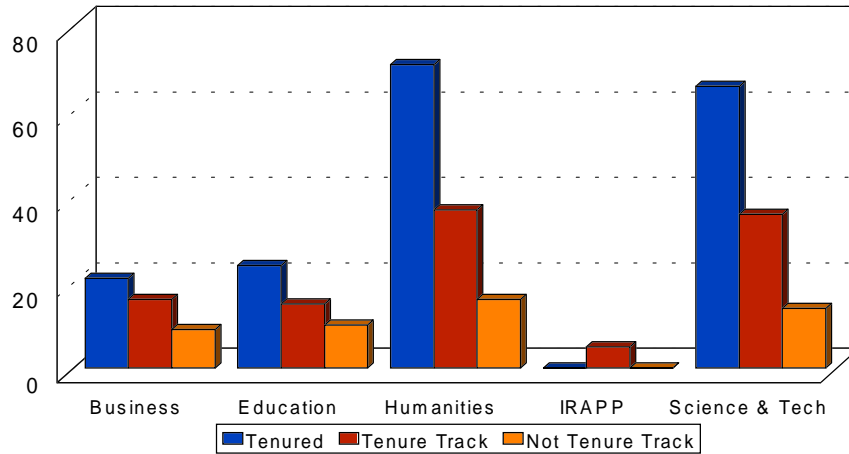

# Fall 2001 Full-Time Faculty Comparative Frequencies by College

\*Includes 1 associate degree.

MSU's full-time faculty is 61% male to 39% female in composition. Although 61% of faculty overall have doctoral degrees, about 16% more male faculty have doctorates (141 of 208 or 68%) than do female faculty (68 of 132 or 52%). Regardless of degree, 42% (55) of female faculty hold assistant professor rank; 37% (49) are at the associate professor level; 17% (22) are instructors; and 5% (6) are professors. By comparison, 25% (52) of males hold professor rank; an additional 27% (56) are associate professors; 36% (75) are assistant professors and 12% (25) are instructors.

## AAUP/IPEDS and Faculty Salary Comparisons

IPEDS (Integrated Post-Secondary Education Data System) full-time faculty are by National Center for Education Statistics definition:

Those members of the Instruction/Research staff who are employed full-time (as defined by the institution) and whose major (more than 50%) regular assignment is instruction, including those with released time for research. Also included in this category are:

- \* Full-time instructional faculty on sabbatical leave
- \* Full-time replacements for instructional faculty on leave without pay
- \* Chairs of departments (if they have no other administrative title and hold a full-time faculty rank.)

Both AAUP (American Association of University Professors) and IPEDS annually collect and report on average faculty salaries and compensation (salaries plus other benefits). As an option, institutions may forward their mandatory IPEDS faculty surveys to AAUP rather than prepare a separate AAUP-sponsored survey. AAUP publishes an "Annual Report on the Economic Status of the Profession" in the March-April issue of its bulletin, *Academe*. Although the Kentucky regional universities no longer share a set of benchmark institutions, we have continued to include a regional comparative faculty salary table in this year's fact book as well as a table displaying average faculty salaries by rank for MoSU's fall 2000 nineteen benchmark institutions. All faculty salary averages and respective numbers at each rank have been taken from "Salaries, Tenure and Fringe Benefits of Full-time Instructional Faculty", *Academe*, March/April 2001.
