OTHER (SPECIFY):

PURPOSE:

SCOPE:

DESCRIPTION (INCLUDE DEFINITIONS):

Definitions: Academic programs are those on the Kentucky Council on Postsecondary Education's listing of programs for Morehead State University.

Objectives: Objectives should deal with specific institutional and societal needs that the program will address. Societal needs encompass social, economic, environmental, and other needs at the local through global levels. "Program Objectives" is NOT synonymous with "Student Learning Outcomes."

Implementation: The department chair or associate dean, in concert with the program faculty, is responsible for the formulation of competency statements for each program, for the distribution, and for the assessment of academic program objectives.

The Associate Provost for Undergraduate Education and Student Success, in conjunction with the University Undergraduate Curriculum Committee and the college deans, department chairs and associate deans, is responsible for the monitoring and recording of program competency statements and for the monitoring and recording of the quality of all undergraduate programs through assessment and outcomes measures.

All departments must have two documents on file in the Office of the Associate Provost for Undergraduate Education and Student Success: competency statements for each program and a description of the way each competency will be assessed. Both the documents may be revised as needed with notifications of the changes reported to the Associate Provost for Undergraduate Education and Student Success. The results of assessment will be included in all program review processes.

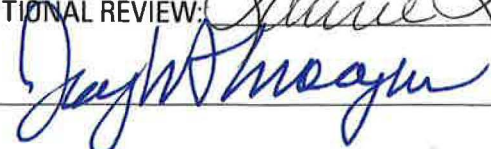

The Associate Provost for Research and Dean of the Graduate School, in conjunction with the University Graduate Curriculum Committee and the college deans, department chairs and associate deans, is responsible for the monitoring and recording of program competency statements and for the monitoring and recording of the quality of all graduate programs through assessment and outcomes measures.

All departments must have two documents on file in the Office of the Associate Provost for Research and Dean of the Graduate School: competency statements for each program and a description of the way each competency will be assessed. Both the documents may be revised as needed with notifications of the changes reported to the Associate Provost for Research and Dean of the Graduate School. The results of assessment will be included in all program review processes.
